

## **\*Empowering Future Educators through Organic Farming MOOC\***

We are excited to offer a self-study course on organic farming as a Massive Open Online Course (MOOC) for Bachelor of Education (B.Ed.) students. This course aims to equip future educators with the knowledge and skills necessary to understand and teach organic farming practices.

### ***\*Learning Outcomes: \****

Upon completing this course, participants will be able to:

- Understand the fundamental principles and practices of organic farming
- Implement organic farming techniques in soil management, crop production, and livestock care.
- Recognize the environmental benefits and sustainability of organic farming
- Navigate the certification process and market organic products effectively
- Educate others about organic farming using effective teaching strategies

### ***\*Course Structure: \****

The MOOC course on organic farming will be offered as an added credit course to all undergraduate students in the affiliated colleges of Mahatma Gandhi University. The course is structured in accordance with UGC regulations for online courses and will span across the first and second semesters of the undergraduate program.

### ***\*Course Modules: \****

The course consists of 14 modules, including 2 projects, and offers 4 credits in addition to the existing total credits of undergraduate programs.

### ***\*Key Features: \****

- Self-paced learning
- Flexible online platform
- Expert faculty guidance
- Hands-on projects and assignments
- Opportunities for interaction with peers and instructors

***\*Join us in empowering future educators to promote sustainable agriculture practices! \****
