Suggestions by the committee

The Academic and Administrative Audit of National College for Teacher Education reveals a strong commitment to educational excellence and effective management. This internal institutional evaluation process reflect our gentleness and genuineness because quality concerns are essentially institutional interactions with all stakeholders. The institution has demonstrated resilience and adaptability in the face of challenges such as the COVID-19 pandemic. This is made possible due to the inspiring teamwork of the campus community. Its focus on continuous improvement, faculty development, and community engagement positions it well for the upcoming NAAC accreditation process. The positive outcomes observed in academic

Newer and novel initiatives are vital where academic aspect is focused and with administrative support emerging areas and issues can be addressed.

Following are various suggestions made by the committee for further growth:

1. The committee strongly feel that National College for Teacher Education should apply for the proposed ITEP programme
2. The college should initiate to start a Research Centre especially because a well equipped MEd department is already in place.
3. A UGC Sponsored National Seminar should be held in the upcoming year
4. International collaborations should be attempted.
